

Astute LXP Release Notes – August 2025 (V3.4.2)

Release Date: August 14th 2025

This update delivers a range of usability enhancements, refined notification templates, improved consistency across the platform as well as extensions to reporting options.

Enhancements

- A new report showing Pending Enrolments and their enrolment date has been added to the LXP Report Builder
- Removed unnecessary options from filters showing learners.
- Certificates sent by email now have a filename showing the learners name and the course that has been passed.
- Removed the old DeltaNet email address from “your event is due to renew” email.
- Changed *Job Profile* to *Job Title* across the site.
- If an administrator tries to expire or archive an event where Previous LMS Records are set to enrol learners, a pop up appears asking the user to reassign the enrolments or unassign them completely.

Performance Improvements

- Improved Previous LMS Records import times.

Bug Fixes

- *Replace* option in Re-enrolment Activities has been fixed.
- Fixed Enrolment Events page not letting you see just Archived Events.
- Learners pending enrolment onto an event now show as Pending again instead of Enrolled.
- Auto Enrol no longer turns off when the event is set to re-enrol.
- Resolved some issues causing LXP Report Builder to sometimes not build a report.

Feedback

As always, if you have any questions or need assistance, your Account Manager or our Support team is on hand at astutesupport@vinciworks.com.
